

## PLOT AGAINST U. S. WAS DEFENSE MEASURE, GERMANS SAY

ZIMMERMANN DECLARES PLOT  
WAS TO BE CARRIED OUT ONLY  
IF AMERICA DECLARED WAR

This Government is Charged  
With Making Counter Plot  
With Latin Republics.

## "GOOD REASONS" ALLEGED

German Foreign Minister in Official  
Statement Says Germany Meant  
Nothing But to Use Means Universally  
Admitted in Case of a War.

By Associated Press.  
BERLIN, March 3.—The following  
was given out today by the Overseas  
News agency, the official German  
news bureau:

Foreign Secretary Zimmermann  
was asked by a staff member of the  
Overseas News agency about the  
English report that "a German  
plot had been revealed to get  
Mexico to declare war against the  
United States and to secure  
Japan's aid against the United  
States."

Secretary Zimmermann answered:  
"You understand that it is im-  
possible for me to discuss the  
facts of this 'revealed plot' just at  
this moment and under these cir-  
cumstances I therefore must be  
allowed to limit my answer to  
what is said in the English reports  
which certainly are not inspired  
by sympathy with Germany. The  
English report expressly states  
that Germany expected and wished  
to remain on terms of friend-  
ship with the United States, but  
that we had prepared measures  
of defense in case the United  
States declared war against Ger-  
many. I fail to see how such a  
'plot' is inspired by unfeeling-  
ness on our part. It would mean  
nothing but that we would use  
means universally admitted in war  
in case the United States declared  
war."

"The most important part of the  
alleged plot is its conditions and  
form. The 'whole plot' falls due  
to the ground in case the United  
States does not declare war  
against us, and if we really, as  
the report alleges, considered the  
possibility of hostile acts of the  
United States against us, then we  
really had reasons to do so."  
"An Argentine newspaper a  
short while ago really revealed  
a plot, when it told that the  
United States last year suggested  
to other American republics  
common action against Germany  
and her allies. This 'plot' was  
apparently not conditional in  
the least."

TRUTH OF GERMAN PLOT  
ADMITTED IN BERLIN.

LONDON, March 3.—Foreign Sec-  
retary Zimmermann's instructions to  
the German minister to Mexico as  
published in the United States are  
admitted in Berlin to have been  
correctly quoted, according to a dis-  
patch to Reuters from the German  
capital by way of Amsterdam.

PREDICT DOWNFALL OF  
COUNT VON BERNSTORF.

LONDON, March 3.—The German  
press has been ordered not to pub-  
lish a word regarding the American-  
Mexican revelations until further no-  
tice, according to an Amsterdam dis-  
patch by the Exchange Telegraph  
company.

It says that only a few circles are  
aware of the incident and it is consid-  
ered possible that the result of the affair  
will be the resignation of Foreign  
Secretary Zimmermann and the ending  
of Count von Bernstorff's career as  
a diplomat.

AMERICANS ON YARROWDALE  
EXPECT TO BE FREED SOON.

BERLIN, March 3.—The 68 Ameri-  
cans who were brought to Germany  
as prisoners on board the captured  
British steamer Yarrowdale expect to  
be released on March 7.

The four American consuls who  
were transferred to Turkey after the  
breach of relations between Germany  
and the United States are still here.  
The German government is awaiting  
word from Constantinople as to  
whether the appointments are ac-  
ceptable or not. The circumstances  
attending the sudden transfer of  
American officials and the customary  
red tape to be overcome suggested, it  
is stated, the advisability of the four  
consuls remaining in Germany rather  
than being detained at the frontier,  
awaiting assurances that their trip  
to Turkey would be free from diffi-  
culty.

NO EXTRA SESSION OF  
CONGRESS NECESSARY

WASHINGTON, March 3.—President  
Wilson has no intention of taking ac-  
tion that would bring war with Ger-  
many, unless Congress is summoned  
in extra session. This was commu-  
nicated to Senate leaders today by rep-  
resentatives of the President who take  
the position that unless an extraordi-

DAWSON MAN HAS  
NO CHICKENS; GETS  
AN EGG EVERY DAY.

From time to time stories  
come to light of hens which lay  
twice in one day. Inasmuch as  
there are certain persons seem  
to have an aversion to laying at  
all, this double output in a day  
by a hen is always worth a box  
on the front page.

Far more remarkable, how-  
ever, is the report of a Dawson  
resident who declares he hasn't  
any chickens at all but finds an  
egg every day in his stable.

DISPOSITION OF  
ARMED NEUTRALITY  
BILL IS UNCERTAIN

By Associated Press.  
WASHINGTON, March 3.—The armed  
neutrality bill was running a neck  
and neck race with time in Congress  
today. Democratic leaders were aim-  
ing to get it through somehow before  
the session dies at noon tomorrow but  
were not entirely sure of the position  
of its opposition.

In the Senate, where the bill was  
being debated, there were some long  
opposition speeches ahead. Although  
a great majority of the Republicans  
urged its passage, the leaders were not  
sure where the bill stood. It would  
be drawn out by Senator Stone offer-  
ing amendments which are dis-  
agreeable to the President.

It was evident on all hands that  
the situation had forced other legisla-  
tion into an eleventh hour jam where much  
of it would be sacrificed.

Many crises arise it will not be nec-  
essary to call an extra session before  
late in the spring and then only to  
pass any appropriation bills which  
may fall at the present session.

The President continued efforts to-  
day to persuade Republican Senators  
to assist in the passage of needed ap-  
propriation bills during the session.

These senators were told by rep-  
resentatives of the President that their  
arguments that Congress should re-  
main in session because of the Ger-  
man situation were not official because  
he naturally could take no action lead-  
ing to a declaration of war without the  
co-operation of Congress.

The President was represented as  
feeling deeply the implications back  
of the effort to force an extra session.  
He desires the important appropria-  
tion bills passed at this session so that  
if an extra session is forced by the  
German situation, Congress could begin  
immediately at emergency mea-  
sures. It became known that the  
President will seek an opportunity in  
the near future to make his position  
clear.

The President completed his in-  
augural address today and it was un-  
derstood that the foreign situation was  
the principal subject. The President  
both by telephone and through direct  
representatives was in constant com-  
munication with the Capitol today.

## TO TAKE OATH TWICE

Chief Justice Will Administer Pledge  
to President on Sunday and Monday.

By Associated Press.  
WASHINGTON, March 3.—President  
Wilson will take the oath of office for  
his second term in his room at the  
Capitol at noon Sunday. It will be  
administered by Chief Justice White  
of the Supreme Court. Mr. Wilson  
plans to go to the Capitol shortly be-  
fore noon to sign bills, and therefore  
decided it would be impracticable to  
take the oath of office in the White  
House as was at first contemplated.

Mr. Wilson has decided to take the  
oath again on Monday, in front of  
the Capitol, just before he delivers  
his inaugural address.

## SIGNS "BONE DRY" BILL.

President Approves Far-Reaching  
Prohibition Provision.

By Associated Press.  
WASHINGTON, March 3.—President  
Wilson today signed the postoffice ap-  
propriation bill containing the "bone  
dry" prohibition amendment.

SLIGO PURCHASERS  
ASK EXONERATION

Will Not Invest Here Unless Exempt-  
ed From Paying School and  
City Taxes.

Exoneration from both city  
and school taxes is sought by the Pit-  
tsburg capitalists who propose to take  
over Sligo mill here, Richard Irvin,  
leader of the party, making this state-  
ment in a letter read by J. S. Bryner  
at the conference of city council yes-  
terday afternoon:

"Unless the city officials are willing  
to make some material and definite  
statement in regard to taxation, the  
moneyed people will not invest in  
Connellsville."

The letter further stated that the  
people of the city have not been asked  
to put any money into the enterprise,  
while the company proposes to invest  
nearly \$200,000 within two or three  
years.

The Pittsburg men desire complete  
exemption for five years. It is likely  
that council will adopt at its next meet-  
ing a resolution exonerating the com-  
pany for one year, and recommending  
exoneration for four more. J. S. Bry-  
ner, who is trying to close up the  
negotiations between the Pittsburg  
men and Charles Davidson, present  
owner of the Sligo plant, also inter-  
viewed several school directors yes-  
terday and they seemed to be favor-  
able to the proposition.

## CURRY GETS ROUGH

Assaults Chandler When the Latter  
Refuses to Pay His Fare.

When William Chandler of Buffalo,  
N. Y., refused to pay William Curry,  
fare from here to Pittsburgh yesterday  
afternoon, Curry took Chandler around  
behind the Baltimore & Ohio freight  
house, threw him down, and removed  
some money from his pocket by cut-  
ting it open with a knife.

Both men were arrested by Captain  
E. F. Ludwig of the Baltimore & Ohio  
police. Chandler was charged with  
being drunk and was sentenced to 10  
days in the county jail after a police  
court hearing this morning. Curry,  
who gave his residence as Baltimore,  
was charged with larceny from the  
person and was committed to jail by  
an alderman. Both men were working  
on the Baltimore & Ohio line gang.

## LIKES SOISSON BRICK.

Montreal Steel Company Orders More  
From Connellsville Firm.

A fine testimonial for one of  
Connellsville's products—Soisson fire  
brick—was received by W. F. Soisson  
yesterday morning from the Standard  
Steel Company, Ltd., of Montreal,  
Canada. It read:

"How soon can you duplicate and at  
what price our order 1072, June 13,  
1916. Brick received from you last  
summer is giving very good satisfac-  
tion. The furnace we built of your  
brick has been running continuously  
night and day since last August with-  
out practically no repairs."

## BUY COAL LAND.

Washington Herd and M. J. Roland  
Close Deal for Tract at McClure.

Washington Herd and M. J. Roland  
this morning purchased 25 acres of  
surface, two tenant houses and  
seven acres of coal in Bullock town-  
ship, near McClure works, from Mrs.  
Margaret Barkley. The consideration  
was not made public.

The local men plan to open the  
coal immediately. A little will be  
erected and the coal shipped from the  
McClure sidings.

## MINERS STRIKE.

Employe Reports a Walkout at Rogers  
Mill Mine on Wednesday.

Miners at H. Fulton's mine at Rogers  
mill went on strike on Wednesday,  
according to one of the employes.  
About 10 men are out, it is stated.

The men want 10 cents more a  
ton for cars hauled to the face of the  
coal, according to the strikers.  
The company, it is said, denies that  
there is a strike on.

## MILLION BETTER.

Recovery of Man Who Took Bichlor-  
ide Now Practically Assured.

Earl Milliron, South Connellsville  
glass worker who took 15 grains of  
bichloride of mercury Monday morn-  
ing and was taken to the Mount  
Pleasant Memorial Hospital for  
treatment, is improving, according to  
reports at the hospital, and it seems  
certain that he will recover.

Milliron, it is said, is now anxious  
to live.

## CLERKS ORGANIZE; STORES CLOSE.

MEMPHIS, Mar. 3.—Sixty depart-  
ment stores and other mercantile es-  
tablishments closed their doors today  
as an answer to a recently organized  
union of clerks which demanded rec-  
ognition and other concessions. A  
minimum of \$8 a week and pay for  
overtime are asked.

## Hogs at \$14.10.

PITTSBURGH, March 3.—A new  
record was established here today  
when Hogs at the Herts Island stock-  
yards sold for \$14.10 per hundred  
pounds. The previous record price  
was reached in 1905 when a small  
shipment brought \$14 a hundred.

ODD FELLOWS WILL  
CHOOSE FROM THREE  
SITES FOR TEMPLE

Two of the Locations on Fair-  
view Avenue and the Other  
On Peach Street.

## MEMBERS ARE TO DECIDE

William McKinley and General Worth  
Lodges Will Select Site by a Gen-  
eral Ballot; Committee Falls to  
Come to Any Definite Decision.

At a meeting of the joint committee  
of the two Connellsville I. O. O. F.  
lodges, General Worth and William  
McKinley, last night, it was decided to  
propose to the lodges three sites, each  
suitable for the building of a new tem-  
ple.

Two of the sites favored are on  
Fairview avenue. One, owned by  
Lloyd Johnson, is opposite the Trin-  
ity Lutheran Church. The other, the  
Henry Porter property, is opposite  
the high school building. The third  
site is the old Cooley property on  
Peach street, owned by A. S. Siscox.

The choice of the ground for the  
building of the Odd Fellows' temple  
will be put up to the lodges at once  
by the committee. General Worth  
lodge will hear the report at its regu-  
lar meeting tonight. The results of  
the committee's meeting will be ex-  
plained to William McKinley lodge on  
Tuesday night, when that body will  
hold its regular session.

The committee of the two lodges had  
hoped to agree upon some one site at  
the last and to recommend that. The  
members were unable to get together,  
however, and were at last forced to  
recommend the three properties named  
and to leave the choice up to the  
full lodges.

The joint committee had also hoped  
to make some recommendation as to  
the cost of the proposed new temple,  
but when it was found impossible to  
agree upon a site, the subject of cost  
was dropped for the time being. All  
seemed to think that it was best to  
get the ground first.

There will likely be much discussion  
in the lodge meetings tonight and  
Tuesday as to the advantages of each  
of the three available sites, since each  
has its strong supporters.

## AFTER MERCHANTS

Chief Determined They Shall Pay  
License Tax Without Delay.

Chief of Police B. Rottler said this  
morning that on Monday he would be-  
gin to visit the merchants who have  
not paid their licenses for 1917, due  
January 1, and either collect the  
money or arrest them.

"The mayor is determined to stop  
this business of dragging out license  
payment for six months or more," the  
chief said. "I have rounded up prac-  
tically all the teamsters and hauliers  
now, at his orders, and merchants  
wishing to avoid arrest will have to  
pay up at once."

"Make that strong," he told the re-  
porters, "for I mean it."

Chief Rottler remarked, incidentally,  
that he believed Connellsville's license  
fee should be raised since the tax here  
was so low that it seemed to slip  
everybody's mind. "Nobody bothers  
about paying these small sums," he  
said. "That's why we have so much  
trouble collecting them."

## EYE IS REMOVED.

Accident to Apprentice Results in Loss  
of Sight.

Howard Lowe of Tenth street, the  
Baltimore & Ohio apprentice who suf-  
fered an injury to the eye Thursday  
afternoon, losing the sight as the re-  
sult, it being necessary to remove the  
eye.

The operation was performed yes-  
terday afternoon at the Cottage State  
Hospital, where young Lowe has been  
a patient since the accident occurred.

## MAY NOT PRINT FLAG.

DES MOINES, Ia., March 3.—The  
Iowa Department of Justice has ruled  
that newspapers printing the Ameri-  
can flag at the head of their editorial  
columns, or at any other place, are  
violating the federal law. The statute  
provides that no flag or representa-  
tion of a flag shall be printed or  
stamped on any article of incommen-

WEST PENN WILL DEMONSTRATE  
NEW FLOOD LIGHTING ON THE  
CRAWFORD MEMORIAL STATUE

On the night of the unveiling of the  
Colonel William Crawford monument  
on the Carnegie library lawn, the  
West Penn will flood light the statue  
as a demonstration of this new and  
wonderful method of electric light pro-  
jection. It is altogether possible that  
means of providing flood lighting of  
the monument may be provided.

W. W. Edie, illuminating engineer  
for the West Penn, has evolved a  
scheme to flood light the statue on the  
Pittsburgh street side. The light will be  
projected from one or more nearby  
buildings by a series of reflectors.

Flood lighting has come into promi-  
nence after recent illuminations of the  
Statue of Liberty in New York harbor  
and the Brooklyn bridge. The latter  
lighting was installed in an incredibly  
short period of time, at the time the  
break with Germany was announced.  
By the use of powerful lights and re-  
flectors every part of the bridge is  
brilliantly illuminated so that guards can  
see every portion of it. A possible  
plot to blow it up is frustrated from  
its inception by the lights.

The Statue of Liberty was flood  
lighted for the first time on December  
2. Banks of projectors are concealed  
in each of the points of the 11-pointed  
star forming the foundation of the  
statue reinforced by smaller banks of  
projectors at three other locations on  
the island.

LOCAL BANDMEN  
AT INAUGURATION

Four City Musicians to Assist Six-  
teenth Regiment Band in the  
Parade.

Connellsville will be represented at  
the inauguration of President Wilson  
on Monday, quite a number of local  
people having planned trips to Wash-  
ington.

Band men of town will form a promi-  
nent delegation, since four of them  
plan to go in the capital with the 16th  
Regiment and play in the inaugural  
parade. James W. Buttermore, chief  
musician of the Tenth Regiment band,  
when it was located here; Robert At-  
kins, trombonist; V. Hugh Mulach, alto  
horn player; and B. C. Burkhart,  
clarinetist, are those who have ar-  
ranged to be present. They will leave  
this afternoon for Latrobe, later go-  
ing to Blairsville to join the regiment.

Postmaster W. D. McGinnis will ar-  
rive in Washington Monday after a  
several days trip to Philadelphia and  
Norfolk, Va. Mr. and Mrs. George S.  
Connell left yesterday morning in Mr.  
Connell's car for Washington.

Other Connellsville people who will  
attend are Mrs. Henry Kessel, At-  
torney and Mrs. R. S. Goldsmith, At-  
torney and Mrs. J. M. Grey, Mr. and  
Mrs. K. Kramer, Mrs. R. Marlette,  
Mr. and Mrs. J. Donald Porter, Frank  
Sweeney, Frederick Dill, Howard My-  
ers, Mrs. Clyde D. Anderson, Cyrus  
Kennell, and Lloyd Shaw also plan  
inaugural trips. Harry McDonald  
of Dawson will leave for Washington  
today.

Other Connellsville people who will  
attend are Mrs. Henry Kessel, At-

## INQUIRES FOR SWINK

North Carolina Man Seeks Early Ger-  
man Immigrants or Descendants.

Special to The Courier.  
UNIONTOWN, Mar. 3.—Clerk of  
Courts Richard Davis has received the  
following letter from W. J. Swink, es-  
tate agent and treasurer of the Pat-  
erson Manufacturing company, man-  
ufacturers of yarns and skeinings, Chi-  
cago, N. C.:

"The census of 1790 gives the  
names of Jacob and George Swink as  
living in your county at that date.  
Will you kindly let me know if there  
are any Swinks in your county at  
this time and do your records show if  
the Swinks named in the 1790 census  
were the original emigrants from Ger-  
many or were they the sons of the  
first emigrants? If they are, can you  
give me the names of the first settlers  
and the date of their arrival in this  
country? Any information that you  
can give me along this line will be  
very much appreciated."

Records in the office of the clerk  
of courts are only criminal records,  
and do not show the names of Swinks.  
It is believed that there are several fami-  
lies now residing in the northern part  
of the county.

## WAS LEISERING MAN.

Man Found Unconscious at Buckeye  
Is Identified.

The man found in an unconscious  
condition at Buckeye last Wednesday  
by the superintendent, John Q. Finch,  
has partly recovered from the inju-  
ries to his head which caused his  
trouble, and has given his name as  
Walter Youghak. At the Mount  
Pleasant Memorial Hospital, where he  
was taken for treatment, he has also  
stated that he is 40 years old and that  
his home is in Leisensburg, N. J.

He is unable to say just why he  
came to Buckeye, or how he was in-  
jured there.

## SIGNS OF SPRING.

Westley Baer Brings Bottle of Garter  
Snakes and Tolls of Frogs.

Westley Baer of Wheeler, brought a  
bottle containing three garter snakes  
he had caught in the Wheeler coal pit  
into the city last night to convince  
local people that spring will soon be  
here again. The largest was about a  
foot long.

Green frogs have also been seen at  
Wheeler, he reports. If these don't  
mean an early spring, what would?

## New X-Ray Machine.

New X-ray equipment has arrived  
and is being installed in the Brown-  
sville General Hospital. The machine  
is the latest model Spook outfit.

GRAND JURY WILL  
PASS ON PLAN TO  
IMPROVE BAD ROAD

Commissioners Propose That  
Rest of Pennsville High-  
way be Paved.

## YOUGH BRIDGE GOES OVER

Grand Jury Will Not be Called on to  
Pass Upon Necessity for New Span  
at Fayette; Towey Case to be Tried  
If a True Bill is Returned.

## Special to The Courier.

UNIONTOWN, March 3.—The  
county commissioners' proposal to  
pave the state road from Chambers-  
burg to Pennsville by agreement with  
the State Highway Department, whereby  
the state is to spend a similar amount  
on some other county road, will be  
one of the things submitted to the  
grand jury next week. This road is  
now in an atrocious condition and  
residents of that section are insisting  
that something be done to improve it.

When the grand jury convenes it  
will not be called upon to decide the  
necessity for a bridge over the  
Youghiogheny river between South  
Connellsville and Dunbar township  
as a part of the much advertised  
"direct to Dunbar route." Although  
there was a petition presented to the  
court several weeks ago, signed by  
some of the most prominent business  
men and capitalists of Connellsville,  
asking that the report of the county  
viewers favoring the construction and  
the proposed span be resubmitted to  
the grand jury, there will be no ac-  
tion taken next week. The court at  
the time the petition was presented,  
at the request of attorneys represent-  
ing the petitioners, granted a rule up-  
on the county commissioners, requir-  
ing them to show cause why the re-  
port of the viewers should not be  
again submitted to the March grand  
jury.

The county commissioners filed a  
demurrer to the rule granted by the  
court. This action of the commis-  
sioners was misconstrued by many per-  
sons in Connellsville and Dunbar  
township. The commissioners were  
regarded by these persons as oppos-  
ing the bridge. Their contention was,  
however, that they were not parties  
to the action before the court, and  
that the rule, according to law, should  
not be directed to them. It is true  
that a bridge across the Yough can-  
not be built without the sanction of  
the county commissioners, but before  
the question is presented to the com-  
missioners it must have the approval  
of the grand jury and the court. The  
commissioners declared that since  
the proposed bridge had not been ap-  
proved by the grand jury or the  
court, that they have no jurisdic-  
tion in the matter and that it is not  
for them to say whether the report of  
the viewers shall be submitted to an-  
other grand jury for action.

After the demurrer had been filed  
by the county commissioners, by  
County Solicitor Lin V. Phillips, the  
matter was placed on the argument  
list. In the great amount of business  
that has come before the judges dur-  
ing the last few weeks the matter has  
not been reached, and it is now con-  
sidered that it will be impossible to  
have the question argued, a decision  
rendered and the question submitted  
to the grand jury on next Friday at  
which time proposed roads and  
bridges will come before the grand  
inquest for action.

So far there has been no action  
taken by the court upon the proposed  
bridge across the Yough in Perry  
township at Layton.

Of much interest in Connellsville  
is the trial of Raymond Towey, on a  
charge of robbing the Adams Express  
company at Dunbar of \$675 on last  
December 6. The information charg-  
ing Towey with the offense will be  
presented to the grand jury next  
week and the case is scheduled to be  
tried the latter part of the second  
week of the March term. Unless the  
trial list is congested, it is expected  
that the Towey case will come up  
for trial on March 14 or 15, should the  
young man be indicted by the grand  
jury.

## FOOD PRICES DROP.

Sugar and Potatoes Cheaper Than a  
Week Ago.

Food prices took a sudden drop  
during the last few days in practically  
all the Connellsville stores. Sugar is  
retailing at nine to ten cents a pound  
in a few of the lower priced stores,  
and a bushel of potatoes costs just 40  
cents less than it did a week ago.

There were slight decreases in the  
cost of some products and increases  
in others but the food situation, local  
dealers say, is more hopeful now than

Indians Are Passing Out, As  
Big League Ball  
Players.

### BENDER ABOUT THROUGH

Phillies' Veteran Native Pitcher Has  
Been Let Out By Pat Moran;  
Meyers of Brooklyn Also May Go;  
Thorpe Still With the Giants.

It looks as if the day of the Indian in big league baseball is now passed. Chief Bender, the great Chippewa pitcher of the Phillies, has been released by Pat Moran. With the passing of this once great pitcher the national pastime will have come near to uttering out from the ranks of the majors every red man of any note.

Chief John T. Meyer is on the verge of a break with the Dodgers, and several have been frank enough to calculate that, whether or not he comes to terms with Colonel Ebbets, the Mission warrior has about run his course as a big leaguer. Ben Tincup, another Indian, who for several seasons or parts of seasons drew pay from the Phillies, is in the minors. Jim Bluejacket, heralded a few seasons ago as a likely candidate to continue the activities of the redskins in big league circles,ilver-vest with the Federal league and vaunted, Jim Thorpe is still on hand. But Jim's chances for spiking a season's berth with the Giants are considered rather slim. It is quite possible that the close of the coming season may find both major leagues minus the services of a single Indian regular.

An American invasion of Japan from the Pacific coast is planned in June, it fact, the Japanese have invited the invasion, which is to be of a baseball nature. Kelo university has asked the University of California to play a twelve game baseball series, starting on May 15. California has replied that it is willing to make the trip if the date is moved back a month. That the Japs will oblige almost is certain. California already has a series scheduled in Honolulu and wants to play that on the way to Japan.

There is one activity in which the Jap will concede that American can teach him something and that is sport. However, from what we have seen of the orientals in baseball and tennis they are very quick learners. In everything—manufactures, commerce and sport, too—they are remarkable imitators. In sport that ability to imitate is born largely of agility and stamina.

Who is the best batting first baseman in baseball? Here is an opportunity for some lively argument. Straightway the records of Jake Daubert and Hal Chase will rise in the memory of the average fan, especially since Prince Hal topped the batters of the National league last season, while Daubert has been well up every year for several seasons. Then, too, the work of young George Sisler of St. Louis will bob up. Not one of this trio, however, can lay claim to top place among regular tenants of the first bag who are active on the job today.

The best man with the willow in the position, according to cold figures, is John "Stuffy" McInnis of Connie Mack's Athletics. Taking them from their records since they have been in regular service, McInnis leads the field. He has a general average of .315 for six full campaigns. Daubert is next, with .310 for seven seasons. Sisler for his short period of service has hit just one point shy of .300, while Hal Chase in twelve years has averaged .290. No other first baseman in the game now has ranged as high as .290 for his full stay under the big tops.

Athletic (particularly football) relations between Princeton and Rutgers, which appeared strained, have been strengthened, and it is almost certain that the New Jersey college once more will meet on the gridiron in 1917. The Tigers have agreed to make the trip to New Brunswick for a baseball game on June 11, and for those who appreciate it that is quite a concession.

## IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK!

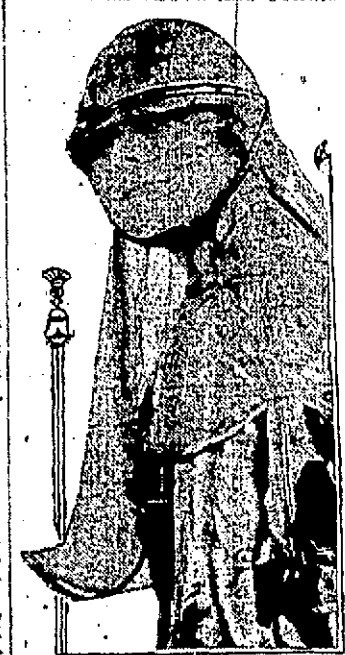

Don't Stay Constipated with  
Breath Bad, Stomach  
Sour or Cold.

Enjoy life! Live on your liver and bowels to-night and feel fine.

To-night sure! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated, run full of cold. Why don't you get a box of Cathartic Candy from the drug store now? Eat one or two to-night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cathartics never gripe or bother you all the next day like calomel, salts and pills. They act gently and thoroughly. Mothers should give their sick, bilious or feverish children a whole Cathartic any time. They are harmless and children love them.

## Gossip of The Motion Pictures

Robert Warwick is the star of his own company now and is releasing his pictures through Selznick enterprises.

Rumors are rife as to ending year's activities of Charlie Chaplin. The leading rumor is that he will be taken to a million dollar talk from Kewol & Baumann, chief owners of the Keystone, and return to the Sunnyside. If he does it will be at a salary of \$1,000,000 for the year. And yet, two short years ago, Essanay won Chaplin from Keystone with a salary of something over \$1,000 a week.

Patty Arbuckle. It is announced, will leave Los Angeles for New York City where he will begin work early this month on a series of two reel comedies for Paramount.

## At the Theatres

### THE PARAMOUNT.

"THE CRAB"—With Frank Keenan, the Triangle star, and Thelma Salter, the most remarkable child actress appearing on the screen today, and a Keystone comedy in two acts are featured today. "The Crab" is said to be one of the most appealing pictures ever produced in the Triangle program. For the first time Frank Keenan is seen in the role of a New Englander of Puritanical stock, cold, hard and cynical. The story of the play concerns the great change of nature, which is wrought by the influence of a homeless little orphan whom he adopts merely to spite his neighbors, who do not believe him capable of a kind act. One of the most gripping court room scenes ever put on the screen is said to be shown in "The Crab." Thelma Salter has the part of Ivy Marten who is sent to her uncle in a little New England town. Arriving at her destination the little girl discovers that her uncle has left town many months before and that no one knows where he went. She is in danger of becoming a public charge when Foster Borrum, the richest man in town, happens to learn of her plight. Borrum has been embittered by his wife's death and bears the reputation of being a mean old curmudgeon. The little girl's love goes out to the old man and even when he is haled into court for chastising her, she loyally stands by him, with the result that finally his whole nature is utterly changed. Monday Viola Dana, the captivating Metro star, will be featured in "Threads of Fate," a five part drama. "The Great Secret," with Francis X. Bushman and Beverly Bayne in the leading roles, will also be shown.

Yet there was the big million-man-power affection for Burley—60 million pounds poured from those green, blue and red tin boxes last year.

The old kitchen stove—the toasting fork

So we worked five years—then came the big simple idea of toasting the tobacco to hold the flavor. Now, enjoy a really delicious new cigarette flavor: Lucky Strike—the real Burley cigarette—it's toasted.

## SLAG MUST BE HAULED FREE

Public Service Commission Gives a Decision on a Question Long to Dispute in Pittsburgh District.

A decision of vast importance to all the steel industries and railroads of the Pittsburgh district was rendered by the Pennsylvania Public Service Commission on Monday when it denied the right of the railroads to charge the steel manufacturers 30 cents a ton for the transportation of slag. It deprives the railroads of an annual income of between one and a half and two million dollars. All the roads in the Pittsburgh district and the Shenango Valley, excepting the Erie, are directly affected.

For 40 years the roads carrying iron, coal and limestone to the plants removed the slag without charge. Two years ago they announced a rate of 30 cents a ton. The manufacturers shortly afterward appealed to the Public Service Commission.

They contended that for years there had been a tacit agreement between themselves and the railroads providing one rate for the raw materials consigned to the plants and the outgoing residue, or slag. This contention is sustained by the commission in its decision arrived at Monday afternoon.

## COMPANY LIABLE

Membership in Beneficial Order Does Not Release Compensation Claim.

The Workmen's Compensation Board has approved the decision in the case of Joe Reolon of Seneca against the Allegheny River Mining Company of Kittanning. Reolon was allowed \$75 for medical expenses to cover an injury.

The company claimed this an error inasmuch as the claimant belonged to a beneficial society organized among the company employees providing funds for payment of expenses in case of sickness. The board did not concur in this, saying the company is not exempt.

The findings of the referees were affirmed and the appeal dismissed.

## SCHOOL AND FARM BOYS.

A very active interest is being taken

by educators and others throughout the

country in the very important question

of bettering the educational systems

to the demands of modern life.

Particularly as relates to the needs

of the rural districts. Two gatherings

dealing with this problem are now in

session. One is the meeting of the Na-

tional Educational Association at Kan-

sas City and the other is a state turn-

ers' institute at Reading.

"The Kansas City affair," says the

Pittsburgh Dispatch, "is in the hands

of teachers, superintendents and ex-

ports in certain specialties, and deals

with methods of teaching children. To ex-

plain why children do not learn read-

ing, accept teaching systems under the

name of education is an troublesome

task for preachers. The farmers' meet-

ing earnestly discussed how to

keep the country boy on the farm.

One orator made an attack on the

'back-to-the-land' movement as be-

ginning at the wrong end, or putting

the cart before the horse. He said the

thing to do is to keep the farm boy

on the farm in the first instance, and

there would be no occasion for any 'back-

to-the-farm' propaganda.

"Trying to force children to adapt

themselves to teaching methods, some

of which have been characterized by

progressive instructors as the 'lock

step' drill instead of adapting teaching

systems to the children, is no closely

analogous to forcing the farm boy to

adapt himself to conditions that have

driven country boys to the cities by the

thousands every year instead of pro-

gressively adapting farm and boy to

each other that, psychologically, they

seem to be pretty much the same prob-

lem. The makers of systems of child

training have for years watched their

work go for naught without suspecting

that perhaps some of the explanatory

causes for child failures in school and

in working years immediately after,

were in the methods, as the farmers

have watched the country boys with

the 'pep' and initiative get dissipated

with the farm and its methods, and

beat it to the city.

Perhaps teachers and farmers

might make mutual gain if they

attended to get together in one meet-

ing some time. The teachers, in illus-

trating the cause of the farmers' troubles

might throw a ray of light into their

own."

Governor Whitman of New York very

properly thinks that if Darcy, the

Australian pugilist wants to fight, it

will be more profitable for him to show

his prowess and bravery in the

trenches of Europe, across his

countrymen, than the arena of Mid-

dian Square Garden.

The domestic peace of many homes

will no doubt be many times disturbed

during the coming summer when the

ma get their work mated, either in-

tentionally or otherwise.

A resident of Jeannette bought \$15

worth of potatoes last fall. After using

up all of his stock last winter he has \$20

left. He is a resident of the city and

British the Turks are giving a

good imitation of persons having a

hurry-up call to Istanbul.

During the two and one-half years

progress of the European war 10 per

cent of the world's shipping has been

destroyed by submarines and other

means. At that rate it will take only

twenty-two and one-half years more for

the Kaiser to complete his job.

The South Side school youngsters

will give their elders some lessons in

buying garden seeds and later in the use

of them.

By saving \$5,000,000 during the first

week of their refusal to buy high

priced foods New York housewives

have again given a rather effective

demonstration of what women can do

when they will.

The food speculator has no reason to

complain of an over supply of friends

these days.

Mothers can console themselves in

peace about their boys becoming mem-

bers of the Boy Scouts. The name is

the only military feature of the organi-

zation.

The new constitution of Mexico hav-

ing made provision for compensation

for occupational diseases, but Peninsu-

laris employees are placed in the class

can class, or out of it, by expunging it

from their record.

Taking a header through a skylight

is not to be lightly considered.

English nurserymen are raising

potatoes in Ireland. One here has

speculators with much less effort and

labor are making enormous profits by

raising prices in the storage houses.

It is now believed that China will

enter the European war on the side of

the entente allies. Might as well make

it unanimous and be done with it.

Choice of a Business.

## B. & O. QUINTET IS WHITEWASHED BY MACCABEE FIVE

Hitting Stride in Second Half, Maccabees Pile Up Score of 61-16.

### OVERHOLT GIRLS WINNERS

Defeat Ionian Team by Score of 12-2; Overholt Shows Fine Form in Passing Game, Which Shows Development of Team Play; A Large Crowd.

The Baltimore & Ohio basketball team last evening got just what every other basketball team that has played against the Maccabees since the opening of the city league, has received: a whitewash. The game ended 61-16 for the Maccabees.

The game was more interesting in the first half when the Maccabees did not pile up scores so quickly. The lodge five did not seem able to get going in that period and it ended 20-8.

In the second half Honsberger went in for hero, and this changed things. "Honsie" got six field goals to his credit and every other player on the Maccabee team tossed in no less than two in this period.

The lineup:

MACCABEES—61.	B. & O.—16.
Goodman	Forward.
Brown	Forward.
Miller	Center.
Crowley	Guard.
Herd	Guard.

Field goals: Miller 5; Honsberger 6; Goodman 5; Brown, Crowley 3. Foul goals: Brown 11 out of 25. Honsberger 5 out of 10. Martin 3 out of 6.

Substitutions: Honsberger for Herd.

Referee: Wall.

In the preliminary game the thing happened that everyone knew would happen—the Overholt girls won. The Ionian team was defeated, 12-2. The score:

OVERHOLT.	IONIANS.
A. McKay	H. Hirsleman
M. Bisher	Forward.
M. Loftus	Forward.

\$3,500 STOLEN.

Pittsburg Woman Loses Savings of a Lifetime.

She didn't think banks were safe, so Mrs. Rosa, living in South Pittsburg, withdrew her savings, \$3,500, and placed the money in a steel safe at home. All went well for six months.

Then one day, while she was out, the safe was broken open and every cent taken. It is always dangerous to leave even small sums at home. Keep your savings in a savings account and the money for current expenses in a checking account with a good bank. ## Mount Pleasant

Special to The Courier.  
MOUNT PLEASANT, March 3.—Patrons Day was observed in the schools yesterday and despite the very snowy weather there was a good crowd present at each of the rooms. The first grade rooms at each building had the largest crowd, as the beginners seemed to hold an attraction for every person visiting the schools. The papers on exhibition in the various rooms showed that good work had been done by the students during the first part of the term. The regular work was carried on in the high school.

Missionary Day will be observed at the United Brethren Church here on Sunday.

Standard held its first aid meeting in the Bank & Trust building assembly rooms on Thursday evening with 30 present. Dr. J. L. Zuercher, had charge of the meeting. The men had both individual and squad practice.

Mrs. Anna Edwards has gone to Latrobe to spend the week end.

Edward Sherrick of Winchester, Va., is the guest of his brother, C. A. Sherrick.

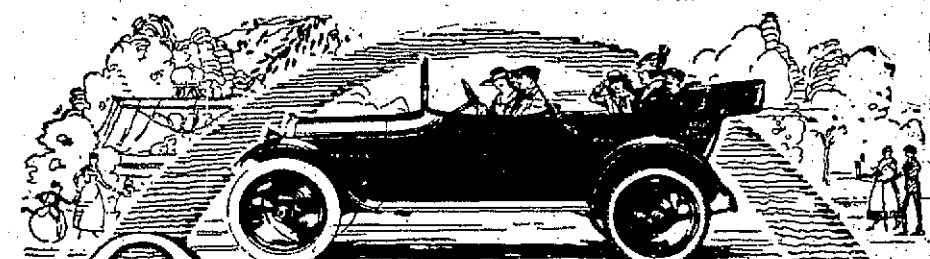

Charlotte Parker of Vandergrift, is the guest of Miss Ruth Myers.

Hays, Willis Blair, Clayton Carson and James Lynn; Misses Edna Shaffer, Nellie Jones, Alice Lynn, Hazel Martin, Pearl Clark, Grace Piersol, Minto Lynn, Mary Martin, Grace Carson, Anna Pley-

When the dinner was announced nobody would have thought that there was an agitation on the high cost of living. If there was anything that was not there to eat the writer failed to notice the absence of it. Appropriate addresses were made by M. E. Townsend, Rev. J. W. Hays, Allen D. Shaffer and Mrs. Shaffer. After some songs and a picture of the group numbering upwards of 80, all departed voting it one of the most pleasant days that could be spent together and fully determined to meet again in the coming October, when Mr. and Mrs. Shaffer will have been married 50 years.

## OVER 100 WORKING TO WIN COURIER'S BUSINESS COURSES

Ambitious Young Folks Enrolled Enrolled in Courier's Scholarship Contest.

## HUSTLERS WILL WIN OUT

Contest is a Test of the Enterprise and Ability to Work. It is Not Too Late for Others to Enroll; Contestants Nominated in First Week.

With one week of The Courier's Scholarship Contest gone, more than 100 contestants are entered in the race, each working with might and main to pull ahead of the others. At present the standing is practically even and it is still early enough for others who really want to take advantage of the scholarship offer to enter.

Don't wait any longer to join! The ambitious boys and girls that are already engaged in the race will leave you behind if you do not join. Another week, and some new results will be seen. Those that really want the business education at the expense of The Courier have been hard at work piling up subscriptions and votes. Then, it will be harder to overcome the lead of your opponent. Come in to The Courier office immediately and get your subscription blank. Then hustle!

It will do for only real workers to join in The Courier contest. No money can buy the prizes being awarded. To avoid the buying scheme, and in order that only those who really work will be rewarded, The Courier is putting on a court test, the like of which has never been tried before in Connellsville. The contestant gets the subscriber to sign a blank, agreeing to take the paper for four, six, eight or 12 months, as the reader may wish. Then the blank is turned in to the contest manager and the contestant given credit for the subscription. No money is collected. The Courier collector calling at the home of the subscriber every month for the 60 cents. Owing to this method the scholarship cannot be bought.

The business scholarship prize is more for boys and girls who do not have advantages in getting advanced methods of a business education. In order to get a paying position in this century it is necessary to be able to handle the work efficiently and correctly without hesitation. The scholarships to the Douglas Business College, to be awarded the contestants having the most votes, will give the students the most advanced business education of the day, and the Douglas people always have a line of positions standing open for students when they have finished their courses. Although many boys and girls are entering in the race, this does not need to hinder graduates of high schools, who did not complete a college course or take commercial studies at the high school, from entering. It is just the thing for them. With a diploma from the high school and also from the business college a young man or woman stands more show for landing the job.

Candidates in the contests are shown in today's Courier. Look them over. If your name is not entered clip the nomination blank and fill it out or come to the Courier office personally. Here you can see the contest manager and learn from him the details of the contest. Then work hard during the week and next Saturday look at the standings and see how you and your opponent's total of votes compare. After next week the contest will be on to full blast but if you start in now and get busy you will be in the race.
